The product provider we work with will depend on each clients individual situation and lending requirements.

Commission, Fees and Costs

The following section outlines Commission, Fees and Other Costs that may apply.

Commission

For services in relation to loan products, commissions may be paid by the product provider (bank or lender) as follows:

*Initial (upfront) Commission	<p>A percentage of the value of the initial loan balance.</p> <p>The initial (upfront) commission is between 0.55% and 0.85% of the initial mortgage balance or amount funded, however it varies between providers.</p>
*Ongoing (Trail) Commission	<p>A percentage of the value of your outstanding loan amount, usually calculated at the end of each month in which you hold the loan.</p> <p>We also may receive ongoing (Trail) commission from some loan providers. The rate is normally 0.15% to 0.20% of outstanding loan amount annually.</p>

For fixed rate rollovers and maintenance requests, we may receive an upfront commission of \$150 and/or in some cases receive ongoing (Trail) commission as set out above.

Commission received is shared with The Lending Team Limited for providing compliance support, training, and back-office support.

Important: Generally, most product providers cover our fees by paying us a commission when your loan settles. However, there are T&C's regarding this called a commission reversal (clawback) which can result in a cost recovery fee. We may also charge an adviser fee under certain circumstances.

Cost Recovery Fee

It's important to note that if you cancel, refinance or repay a significant proportion of your mortgage within 3 years of settlement, The Lending Team will have to repay some or all of the upfront commission received. This is repaid to the product provider. This is known as a commission reversal (Clawback).

If a product provider charges The Lending Team with a commission reversal (Clawback), you agree and acknowledge that The Lending Team can charge you a cost recovery fee for the services provided to which the Clawback relates.

In such circumstances, The Lending Team will issue an invoice to you for the relevant fee to which the Clawback relates, and such fee will be due and payable within 21 days from the date of our invoice.

The relevant cost recovery fee is determined on case-by-case basis. Our maximum cost recovery fees are outlined below.

Initial Loan Amount	Maximum Cost Recovery Fee
Up to \$249,000	\$2,000
\$250,000 – 749,000	\$6,000
\$750,000 - 999,999	\$8,000
\$1 million and above	\$15,000

The cost recovery fee will not exceed the commission clawback issued by the product provider to The Lending Team.

We may not charge a cost recovery fee when an upfront adviser fee was agreed and paid when the initial lending was arranged, or we were given the opportunity and unable to secure subsequent lending or refinance approval.

We strongly encourage our clients to contact us if they're considering selling or refinancing during the first 3 years after their loan settles to discuss.

Commission clawbacks are in no way associated with any adviser fee that may have been charged for our service.

Adviser Fees

In some circumstances we will charge you a fee for our service. Where this applies, we will advise you of our fee upfront and the services to which our fee relates before an application is undertaken. However, any delay in our part to do so does not invalidate our right to charge you the fees for services provided to you.

The actual fee is assessed on a case by case basis as it depends on the time investment, nature and scope of the advice and service provided.

Fees may apply in the following circumstances, but are not limited to:

- For commercial, business, property finance, bridging finance and loans arranged through nonbank lenders, we may charge you an adviser fee where the lender does not pay any or upfront commission that meets our minimum fee for the service. Our

fee for these services range from 0.85 to 3.0% of the initial mortgage loan or amount funded.

- Assisting with requests relating to existing lending where no upfront commission is paid by the lender, or the upfront commission does not meet our minimum fee for the service provided. This may include restructures, interest only applications, mortgage discharges, security swaps and top-up applications.
- If you have already secured an approval from a product provider, then approach us for our services and expertise, we will charge a fee when we do not receive commission from the lender.
- At the beginning of the process, you must disclose to us if you have/are engaging with banks directly or with other brokers. In this circumstance, we may charge a fee for our time if we have secured an approval or, spent a considerable time on a proposal and you source finance from a bank directly or another broker within 6 months of engaging with us.

This also applies to non-disclosure of critical information that hinders our ability to obtain a solution causing additional work. Our fee in this instance, would be capped at \$1,500 based on the time spent to get an application prepared to be submitted to a Lender.

- Where we provide consultation services for you where there is no new lending, but time is taken and formal advice is provided. An adviser hourly rate of \$350 applies. This does not include the initial Fact Find review.

Other Costs

You are liable for other costs such as legal, valuation, building inspection fees and other independent costs incurred in the process.

Conflicts of Interest

We are here for our clients and to advise you as best we can, your interests are our priority and we take managing any potential conflicts of interests seriously.

In certain instances, we may pay a referral fee to third parties who introduce clients to our business (if we successfully arrange finance for the client). The referral fee will be paid by us to the referring party, and will not be charged to the client. We pay referral fees as a way of thanking the referring party for their support and for introducing clients to our business. Referral fees will be disclosed in your Nature and Scope of Advice and Mortgage Advice Summary.

From time to time product providers assist us with funding so we can bring our advisers together for conferences and professional development training. This may include discounted CRM, subsidised training for advisers or other non-monetary benefits.

We also have referral partnerships with the following referral partners:

- Marble Insurance Limited

- Tower Fire & General Insurance
- Simplify
- XE
- Partners Life

This means we may receive a referral fee in the form of commission if we refer you to these providers and you are successful. This is usually a percentage based commission and can be either upfront and/or Trail commission.

These referral agreements are a way to build relationships with other product providers to help our clients get specialised advice as this is outside The Lending Team's scope.
